

### **KIE External Exam Policy 2017**

As a non-EEA student on a long term course (25 weeks or longer) you are required to take an external examination. We will recommend an appropriate exam (IELTS, FCE, or CAE) based on your level and help you register for an exam at a local external testing centre. Exam fees are your own responsibility and must be paid at time of booking (€200).

KIE will retain a copy of your test results which may be made available to immigration authorities upon request.

Please see our Exams Coordinator in reception if you have any questions about your exam.
